Our Sectors

We approach our sectors as one connected system where expertise, opportunities, and resources create sustainable value.

01 Technology & Software	02 Contracting & Construction
03 Exhibitions & Events	04 Transport & Logistics
05 International Trade	06 Financial Consulting

Our Core Values.

06

Values guiding how we work

01

Excellence

We strive for superiority in everything we offer, from products and services to customer experience.

02

Integrity

Transparency and credibility in all our dealings with partners, clients, and the community.

03

Innovation

Embracing creative solutions and advanced technologies to lead digital transformation.

04

Sustainability

Commitment to the best environmental and social practices for a better future.

05

Partnership

Building strategic relationships based on mutual benefit and shared trust.

06

Focus

Clear goals and focus on delivering results within well-defined strategic plans.

We don't build companies,
we build what endures.

Investment Portfolio

Our Subsidiaries.

08

Integrated Operating Companies

06

Vital Sectors

04

Brands & Platforms

A balanced portfolio spanning vital sectors serving the national economy — from technology and energy to logistics and contracting.

01

Developers International

A leader in livestock import and agricultural investment, operating across African markets with integrated, world-class services.

02

Developers Management Consulting

Specialists in management and financial consulting and business development, empowering companies and institutions to achieve excellence.

03

Step Business Incubators

A full-service business incubator supporting entrepreneurs and startups with creative spaces and acceleration programs.

04

Developers Exhibitions

Specialists in organizing and managing major exhibitions, conferences and events to world-class professional standards.

05
